## Project Manager | Technology, Media & Stakeholder Coordination

Linderudsletta, Oslo | 969 71 519 | alaasamiaka@gmail.com | alaasame.com | linkedin.com/in/alaasame

### Profile

Project Manager with a background in technology consulting, test leadership, frontend development, Agile delivery, and public communication. I work comfortably across technical and business stakeholders, translate complex needs into practical solutions, and coordinate people, priorities, and delivery. My experience combines public-sector and private-sector work in Norway with public-facing initiatives across Norway and Syria.

### Core strengths

Project coordination, stakeholder management, Agile/Scrum, test strategy and QA, accessibility testing, public communication, podcast production, content planning, and a Norway-Syria network.

**Tools:** Jira, Confluence, Playwright, Postman, Allure, Excel, Teams, React, TypeScript, Python, SQL, Kotlin, Cypress, Trello, Miro, Figma.

### Professional experience

#### **Solution Consultant** | *TietoEVRY Norway AS, Fornebu* | 08.2023 - Present

- Analyze client needs and provide tailored solutions that translate technical capabilities into practical business value.
- Support complex deliveries and stakeholder communication in public-sector and regulated environments.

#### **Test Manager** | *Brønnøysund Register Centre* | 03.2025 - 04.2026

- Led quality assurance for the modernization of Norway's business registration system for ENK, FOR, and AS.
- Planned the test strategy and test plan, managed risk and go/no-go decisions, and coordinated a team of 1-6 testers.
- Worked with manual and automated testing using Jira, Confluence, Playwright, Postman, Excel, Teams, and Allure; tested frontend, integrations, database/data quality, and accessibility; delivered on time.

#### **Test Lead / Test Analyst** | *Finans Norge - Meteor* | 12.2023 - 06.2024

- Planned and executed test runs, defined scope, prioritized risks, and coordinated backend, frontend, and automation teams.
- Performed functional testing, regression testing, requirements review, defect management, and quality assurance of automation runs in an Agile CI/CD team of about 10 people.
- Contributed to the on-time delivery of a new system for managing Norway's natural damage compensation scheme.

#### **Functional Tester / QA** | *Norwegian Directorate for Education and Training (UDIR)* | 08.2023 - 12.2023

- Performed functional, acceptance, regression, and device/browser testing across PAS, PGSA, and BOGI, with a release before the exam period.
- Worked in a small team of one test lead and two testers in a CI/CD process, ensuring defect-free use across many devices and browsers.

#### **Scrum Master** | *Møller Mobility Group* | 08.2022 - 12.2022

- Facilitated daily standups, sprint planning, task distribution, progress tracking, and risk management for a cross-disciplinary consultant team.
- Supported decision-making around connected cars and data-driven mobility while coordinating closely with the client and the team.

#### **Frontend Developer / Software Engineer** | *Fremtind Forsikring* | 06.2022 - 08.2022

- Developed an internal feedback-management system in React and TypeScript using Fremtind's own framework and APIs.
- Implemented filtering, sorting, routing, accessibility, usability improvements, testing, and iterative delivery in a cross-disciplinary team.

#### **Receptionist** | *Radisson Blu Hotel* | 06.2018 - 08.2023

- Provided customer service, guest support, and administrative assistance in a fast-paced hotel environment.

## Selected highlights

- **Cycling4Hope:** 5,000 km from Oslo to Damascus; 13,000 USD raised for education in Syria; partner Molham Team; sponsor Oslo Sykkelverksted; media coverage across BBC, France 24, Al Jazeera, Sky News Arabia, Syria TV, and others.
- **Podcast production:** Host and producer of Gharbiyyin (17 episodes) and Rehla (14 episodes), with planning, filming, publishing, media outreach, sponsor outreach, and editing.
- **Syrian Dialogue:** Published Den syriske dialogen: Syria etter Assad in Internasjonal Politikk and organized face-to-face dialogue sessions in Oslo and Trondheim.
- **Syrian Student Association:** Co-founded in 2019, led volunteer teams of 5-12 people, organized events for 200-300 participants, and supported hundreds of students in Norway.
